EDUCATION

Dr. Akhilesh Das Gupta Institute Of Professional Studies

Bachelor of Technology in Information Technology- 9.2 till 5th sem

New Delhi, India

Nov 2021 - July 2025

Dashmesh Public School

Class XII - 9.09

New Delhi, India

2021

EXPERIENCE

Full Stack Web Development Internship

Nov 2023 – Nov 2023

Infotriax

Virtual

- Collaborated in a 5-member team for **full-stack app development**.
- Spearheaded the implementation of user registration and login functionality on the **backend**, ensuring robust security measures were integrated.
- Optimized API fetch requests, achieving a **50 percent reduction** in response time and significantly enhancing overall system performance.

PROJECTS

Express Blog App | *React.js, MongoDB, Express.js, Node.js*

- Developed a **full-stack** web blog application utilizing the **MERN** stack with **CRUD** operations.
- Implemented user authentication, enabling seamless registration and login functionality.
- Designed and integrated a user-friendly rich text editor, optimizing the content creation process for bloggers.
- Source Code 🔗 | Live Demo 🔗

Promptopia | *Next.js, Next Auth, Tailwind CSS, MongoDB*

- Engineered a dynamic **Full Stack** application for AI prompts, seamlessly integrating **Next.js** and **NextAuth** for robust user authentication and an intuitive experience.
- Leveraged **MongoDB** for efficient data storage and retrieval, enhancing scalability and performance
- Implemented responsive CSS styling to ensure a visually appealing and user-friendly interface, contributing to positive user experiences.
- Source Code 🔗 | Live Demo 🔗

Hangman Game | *React.js, TypeScript*

- Developed a captivating word guessing game using **React.js**, ensuring an interactive and visually appealing user experience.
- Implemented **TypeScript** for strong typing, enhancing the game's robustness and providing an error-resistant gaming experience.
- Crafted an immersive hangman-style game that challenges users to guess a given word before the hangman appears, fostering an interactive and enjoyable user experience.
- Source Code 🔗 | Live Demo 🔗

Cartify | *HTML, CSS, JavaScript, Firebase*

- Developed a straightforward and intuitive cart system using **HTML, CSS, and JavaScript**, ensuring a seamless user experience for adding and removing items.
- Integrated **Firebase** for robust database functionality, enhancing the cart system's efficiency in managing and storing user data.
- Built the cart functionality from scratch using a combination of **HTML, CSS, and JavaScript**, showcasing **full-stack** development skills for a **dynamic** and **responsive** user interface.
