## ABOUT ME

A passionate UI/UX designer with 1 year of experience, I bring a user-centric approach and expertise in Figma to create intuitive and delightful interfaces. Currently at NextTech Labs, I collaborate to translate complex ideas into user-friendly experiences. Driven by curiosity and a love for user research, I'm constantly learning and refining my skills. I'm excited to contribute to impactful experiences and explore new design frontiers.

## WORK EXPERIENCE

UI UX Designer

Oct 2023 - Current

### NextTech. Labs

I used to design Figma files for Website and Mobile Application. I worked closely with development team. Also I trained Interns and Junior Designers in this company.
