Md Hasibuzzaman Bhuiyan

PROFILE

Highly motivated computer science student with a passion for machine learning and full stack development. Seeking an opportunity to apply my knowledge and skills in a dynamic organization where I can contribute to innovative projects and enhance my professional growth.

PROJECTS

Mental Health Counselor Web Application
PHP, Laravel, MySQL, HTML, CSS, JavaScript
- Developed secure user authentication with role-based access for counselors and clients.
- Implemented profile management for counselors to update expertise and availability.
- Integrated appointment scheduling with real-time availability checks.
- Built a secure messaging system for client-counselor communication.

Gym Class Management System
PHP, Laravel, MySQL, JavaScript, HTML, CSS
- Developed class management platform using Spatie's Laravel Permission for roles and permissions.
- Admin can manage trainers, schedule classes, and assign trainers to sessions.
- Trainers can view assigned schedules, and trainees can manage profiles and book classes.
- Integrated class booking system with real-time updates and reminders.

Food Recipe App
MongoDB, Express, React, Node.js (MERN Stack)
- Built a web application for users to browse, add, and save recipes.
- Integrated user authentication for recipe submission and profile management.
- Developed recipe search and filtering by ingredients and cuisine type.
- Created a favorite recipes section with real-time updates and smooth navigation.

Sentimental Analysis in Bangla using Machine Learning
Python, Tensor Flow, Scikit-learn, NLP
- Developed a sentiment analysis model for Bangla text using machine learning and NLP.
- Preprocessed Bangla datasets and built a text classification model for sentiment detection.
- Enhanced accuracy and performance using deep learning algorithms and feature extraction techniques.

EDUCATION

BSc in Computer Science
BRAC University
2020 – 2024 | Dhaka, Bangladesh
CGPA : 3.32

HSC(Science), Dhaka College
2019 | Dhaka, Bangladesh
GPA : 5.0

SSC(Science), S.H.K.S.C.
2017 | Dhaka, Bangladesh
GPA : 5.0

SKILLS

PHP	Laravel	REST APIs
SQL	Python	JavaScript
Node	Express	MongoDB
React	Git	Tensorflow

COURSES

Full-Stack PHP Developer Program, W3Schools
14/05/2023

Data Science Methodology, Tools for Data Science, What is Data Science? Datacamp
03/07/2023

Joining Data in SQL, Intermediate SQL, Applying SQL to Real-World Problems, Datacamp
03/07/2023
